

**PROJECT LOCATION**

Gainesville, VA

**CLIENT**

The Potomac District Council of the Assemblies of God

**SCOPE**

New Building  
16,700 SF

**DESCRIPTION**

Construction consisted of natural stone, precast & brick veneer with a standing seam metal roof. The ground level access to the upper floor led directly back to an interior chapel area back dropped with a custom designed glass wall overlooking fields to the rear. Interiors were fully completed with upgraded finishes including wood trim details, millwork installations, custom wood ceilings, pendant fixtures, and designer floors.

**ARCHITECT**

Robson Group Architects  
Chantilly, VA
